Serial No.: Not yet assigned)
Filing Date: Simultaneously Herewith)
Title: METHOD FOR MANAGING A)
FINANCIAL SECURITY)

Affidavit of Roger Viola

Box PATENT APPLICATION
Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

1. I am General Counsel for Security Benefit Life Insurance Company (hereinafter "Security Benefit") of Topeka, Kansas.
2. Richard K Ryan (hereinafter "Ryan") is a co-inventor of the patent application filed simultaneously herewith and entitled METHOD FOR MANAGING A FINANCIAL SECURITY (hereinafter the "Patent Application"), as indicated by the Declaration and Power of Attorney for a Patent Application signed by six (6) of the eight (8) co-inventors.
3. It is my understanding that Ryan was an employee of Security Benefit Group, Inc., a wholly-owned subsidiary of Security Benefit, at the time the invention was conceived and reduced to practice and has since left the employment of Security Benefit Group, Inc.
4. On June 26, 2000, I had a telephone conversation with Ryan, during which I stated that Security Benefit was filing a patent application to cover the METHOD FOR MANAGING A FINANCIAL SECURITY that he co-invented. I asked Ryan if he would sign the application papers for the application, including his Declaration as a co-inventor. Ryan expressly stated that he would not sign the application papers for such a patent application.
5. I interpret the conduct of Ryan during my telephone conversation with him on June 26, 2000 as a clear indication that Ryan will refuse to receive, or even consider any patent

application papers which I offered to send him for execution. In view of his general refusal, as set forth herein, it makes no sense to waste further time by forwarding copies of the Patent Application to him before filing the Patent Application.

6. The reason given by Ryan for refusing to sign any patent application papers prepared for Security Benefit was that he wanted Security Benefit to pay him money in addition to the compensation he received as an employee of Security Benefit Group, Inc.
7. Security Benefit is about to apply for approval from state insurance departments for the program disclosed and claimed in the Patent Application, and it is therefore necessary to immediately file this Patent Application in order to protect Security Benefit's legitimate rights in the United States and in foreign countries and to prevent irreparable damage to Security Benefit.
